## Get a Kick out of your After School Program

There are many choices in the Madison area for martial arts programs and after-school programs. But there is only one program that mixes both with developing strong values and character in your child. We are quality after-school programming that includes traditional martial arts training, homework time, and active and creative play that stimulates both the body and mind.

We currently offer after-school pick-up from several west-side Madison and Middleton elementary schools every day of the week, as well as select middle schools. Once all of the children have arrived and had a healthy snack, we start our program with a comprehensive Taekwondo class taught by black belt instructors trained to work with children and teach them the art, science, and traditions of the martial arts.

Martial Arts training promotes physical fitness, self awareness, and improves both attention span and the ability to follow instructions. Natural to this is improved self discipline, courtesy, and consideration of others, and development of leadership skills.

Class sizes are limited, and assistant instructors often work with the primary instructor to facilitate activities and one-to-one training. We make a 100% guarantee that your child will HAVE FUN WHILE BEING INSPIRED AND CHALLENGED.

After class, each child will be provided opportunities to work on homework (with a trained tutor on-site to assist if needed), engage in active games, do crafts, or continue to practice Taekwondo if he/she so chooses. There will be PLENTY OF FUN activities and occasional field trips worked in with the taekwondo activities.

Only \$40 reserves your spot. Space is LIMITED, so register today!
